Damage Waiver

Frequently Asked Questions

The Damage Waiver Program Limits your (our customer's) current liability for theft, vandalism and accidental damage to the facilities we furnish. This is an option to our customers for their protection and is not part of the rental agreement. Here are some questions which are most asked:

Q. Am I protected against units damaged by fire or vandalism when I am not on the job?

A. Yes, you are protected 24 hours a day, 7 days a week.

Q. What happens if a unit is accidentally run over and demolished by equipment operated by one of my employees or myself?

A. You are protected against all accidental damage you or your employee cause. The average replacement value of a portable restroom is \$600.00.

Q. What is my protection if one of my subcontractors, or material suppliers damages a unit on my job site or place of business?

A. You are protected anytime of the day or night for accidental damage as previously stated

Q What is our actual cost of your program?

A. The charge is \$6.00 per month, per unit.

Q. What is my protection if a unit is discovered missing and obviously stolen from our job site/property?

A. The "Damage" Waiver does cover theft, when a police report is provided.

Q. Have other customers considered this program a worthwhile investment?

A. With today's high cost of replacing and repairing units due to vandalism, fire accidents and unforeseen circumstances, we seldom have a customer decline. In fact, many customers have already benefited from the program due to theft, fire and/or vandalism.

Q Do we have to accept this program?

A. No. You will need to sign the decline statement and return it to our office for our files. If we do not receive a signed and dated decline damage waiver, your account will automatically be charged to damage waiver fee monthly

Definition and Purpose of a Damage Waiver

A Damage Waiver is an option that is offered and accepted at the time of rental, waives or reduces the customer's responsibility for loss of, or damage to, a portable restroom unit or other rented equipment. A Damage Waiver is subject to all terms and conditions of the rental agreement and applicable laws.

If implemented, a Damage Waiver should explain, in detail, what is covered and what is not covered.

If implemented, a Damage Waiver must indicate the additional cost to the lessee.

If implemented, a Damage Waiver must be accepted or declined by the customer as an option to the rental agreement.

If implemented, and the Damage Waiver is NOT accepted, the lessee must be aware of their responsibility to replace/repair damaged equipment.

If implemented, a Damage Waiver must be offered to ALL customers. Failure to do so might be interpreted as discrimination.

Portable sanitation companies may offer a Damage Waiver in their rental contracts throughout the United States.

As with your Service Contracts or any legal document, it is advised you have it reviewed by legal counsel.
